The Beauty of Art

SHAPED

Nature creates whimsical textures, nooks and grains, and that is their source of beauty. No two are the same, and in their uniqueness stems their beauty. A passion for seeking details has led Peronda to develop a technology capable of reproducing nature at its best, which is by capturing down to the last detail. Reliefs are created via digital technology perfectly coordinated with graphic printing to generate the most natural pieces ever seen in ceramic.

We Believe
NEW INNOVATION

A team of visionary youths, hailing from small villages of Gujarat, gather to innovate and discover the luxury directing towards success in Ceramic Industries. Our main aim points us to customer satisfaction and delivering even beyond it.

Our constant growth will always ensure saving the environment, water, electricity and energy.

We create to become a superpower by collaborating latest technology with skilled manpower. We look forward to researching, develop and suffice your desires
